

Kirkwood Summer Festival 2019

Join your friends and neighbors for the annual Kirkwood Summer Festival on **Saturday, July 6, 2019 from 3 to 6 pm** on the Village Plaza. Celebrate summer, community, and help fundraise for the Kirkwood Volunteer Fire Department! You can contribute to the success of this year's Summer Festival by donating something special to the Silent Auction or by making a cash donation. Popular items in past years at the Silent Auction include paintings, photographs, gift baskets and other unique must have items. If you would like to donate an item to the Silent Auction please contact Cheryl Stern at cheryl.stern49@gmail.com or call the District office at 209-258-4444. Bring your dancing shoes to the festival and enjoy live music with Ten Dollar Pony, a local singer song-writer duo. Breweries and wineries from across Northern California will be providing tastings of their libations along with delicious food choices prepared by Kirkwood Mountain Resort's head chef include shrimp, tri-tip and chicken barbecued with a secret sauce and a selection of salads, roasted vegetables and corn on the cob. The Kid's Zone will have two face painters this year and includes fun games and activities for your children. Tickets are available online at www.kmpud.com or you can complete the registration form on the back of this newsletter and return to the District with your payment. **Prices through July 4th: Adults \$40; Young Adults (10- 20 years) \$20; Children (under 10) \$10.** After July 4th, adult ticket price increases to \$50 and can only be purchased at the entrance to the festival. Ticket price includes a commemorative wine or beer glass (for adults over the age of 21), lunch, and entrance into the Kid's Zone. If you're unable to attend this year's event, donations to the Kirkwood Volunteer Fire Department are always welcome and are accepted on www.kmpud.com or by sending a check to **Kirkwood Volunteer Fire Department, P.O. Box 247, Kirkwood, CA 95646.** The goal this year is to raise \$30,000 or more to fund the purchase of safety equipment for the volunteer firefighters and any additional amount raised will again be used for hiring a part-time seasonal firefighter for the busy winter months. Your support is needed, greatly appreciated and directly contributes to achieving our goal and keeping the volunteer firefighters safe as they protect our community and nearby areas. The members of the Kirkwood Volunteer Fire Department and the entire Kirkwood community thank you for your support!

Chipping Program

After the heavy snowfall during the 2018-19 winter season you probably have broken limbs and downed trees on your property. Take advantage of the Kirkwood Volunteer Fire Department's (KVFD) free roadside wood chipping program. With funds raised at the 2014 Kirkwood Summer Festival, the annual KVFD fundraiser, a wood chipper was purchased to help Kirkwood homeowners create defensible space around their homes. Having 100 feet of defensible space around your home, as required by California law, dramatically increases the chance of your house surviving a wildfire and provides safety for firefighters when protecting your home. This summer the chipping program begins the second week of July and goes through the second week of September. Here's what you need to know:

- District staff will perform chipping brush and limbs that have been stacked correctly during the second weeks of July, August, and September respectively. The Chipping Program will end after the second week of September. Any brush or limbs stacked after September 13, 2019 will not be chipped.
- Stack cut brush and limbs **up to 4 inches** in diameter within **5 feet of the road edge**, with cut ends facing toward the road, no higher than 4 feet. Pile in windrows like firewood, not heaped like a beaver dam. Beaver dams will not be chipped. Keep materials free of mud, rocks, wire or other items.
- Do not stack in the road, next to fire hydrants, culverts or in any way that will impede traffic on the road.
- No building debris, natural material only. Mixed piles of building debris and natural materials will not be chipped. Materials that cannot be chipped for any reason, including incorrectly stacked materials, will not be removed.
- All chipped material will be returned to the homeowner's property.

KMPUD Board of Directors:

Geoff Smith - President; Eric Richert - Vice President;

Standish O'Grady -Treasurer; Peter Dornbrook - Secretary; Bob Epstein - Assistant Secretary
