

If you're looking to switch your old propane appliances and water heater to electric, or otherwise upgrade your older electric appliances, the District offers a rebate program for several types of EnergyStar® appliances and energy-efficient electric water heaters. *Eligible appliances are electric only and meet EnergyStar® or energy-efficiency standards.*

Residential ENERGY STAR Program Guidelines:

- The rebate offer is good for purchases of **electric appliances and/or heating systems only**, on a first-come, first-service basis and is effective until funding is reserved/expended annually, or the program is discontinued.
- The program is limited to District electric service customers with all KMPUD accounts in good standing.
- The appliance and/or heating system must be installed in a residential dwelling within the District's service area.
- A maximum of one rebate type (refrigerator, water heater, etc.) per account every 10 years.
- Applications will only be accepted from April 1 to April 30 and September 1 to September 30 annually.
- Applicants must submit Part One of the application prior to purchasing or installation to reserve rebate funds. Customers will be notified within 30 days of the application period closing if their application is approved.
- Purchase and installation must be completed within 6 months from application approval. All equipment must be new.
- Applicants must submit Part Two of the application after purchase and installation to receive rebate funds.
- Customer agrees to inspection by District Staff to verify installation. If a building permit is required for appliance installation; proof of permit is required to verify eligibility.
- The rebate will not exceed the purchase price. The total rebate amount may not exceed \$7,200 per customer per year.
- The rebate will be credited on the subsequent bill following completion.
- New construction (residences less than 5 years old) is not eligible.
